

Laboratory of Agricultural Biotechnology
and Nutrition in Semi-Arid Areas

INTERNATIONAL SEMINAR OF MICROBIOLOGY
FUNCTIONAL MICRO-ECOLOGY IN THE SERVICE OF LIVING SYSTEMS

Organize

The Second International Seminar of
Microbiology: Functional Micro-ecology in
the service of Living Systems.
21 - 22 September 2026

Important dates

Deadline for abstracts reception:

September 1, 2026

Notification of acceptance:

September 10, 2026.

Seminar: 21 – 22 September 2026

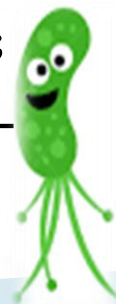

Biodiversity and valorization
of natural microbial resources;

Computational microbiology
and its applications

Gut microbiota, probiotics, prebiotics ;
and human health;

Interaction microbial systems –
plants.

Seminar chairman
Dr. BOUBAKEUR Badra

Seminar-related training (Topic1)
Hands-on 16S rRNA gene amplicon analysis”- limited
number

18-19 September 2023

Honorary Chairmen

Pr. BELGOUMANE Berrezoug, Rector of Tiaret University.

Pr. SASSI Mohamed, Dean of the Natural and Life Sciences

Faculty, Tiaret University.
